The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 11. does NOT place the application in condition for allowance because: portions 20a" and 20b" may be considered a single structure since portion 20a"overlaps and contacts portion 20b". Clearly, a draw bridge may be considered a single structure. This is the case even though it includes two portions which contact each other near the middle of the bridge .
